INTRODUCTION

This is a list of approximately 400 available periodicals related to deafness. The list of titles has been arranged alphabetically and includes address, frequency of publication and subscription rate. Subscription rates differ for the United States and foreign countries. Most rates mentioned are U.S. dollars. If you have difficulty with foreign rates, you may contact the foreign exchange department at any bank. Or, you may write a letter to the publisher to get more information on subscription rates when the note "Ask for Price" or "foreign currency" is listed.

There is also an Index with the names of organizations related to deafness. It is cross referenced to page numbers.

This list is not comprehensive. In order to make it as useful as possible, the compiler would appreciate receiving any additions, corrections or deletions that you know of. A form is included at the back of this publication for use, if you have such information.

In conclusion, special acknowledgement and thanks are due to Doreen Feerick who typed this list.
